NEXT GVCC MEETING: Saturday, August 9, 11am, home of Doris & Owen. The meeting will follow the Newcomer's Ride. The agenda will focus on the People Powered Ride.

NEWCOMERS RIDE: Saturday, August 9, 9am, Anna's Bakery. Everyone is welcome to join this leisurely paced ride around Goleta. No one is ever left behind.

REPORT ON JULY NEWCOMER'S RIDE:

Special thanks to GVCC members Cheryl, Connie, Owen and Bill Ball, the not-so-newcomers, for coming out for our ride from Java Station. Six newcomers joined us for our loop around Goleta: Tom, RJ, Ryan, Hank, Joan, and Christine. Thanks to our members we were able to split into two groups. I'll let you guess who was out there with the "fast" group.

PEOPLE POWERED RIDE REGISTRATION is open and our website contains all the information you need and a link to Active.com. The date is Sunday, October 12 at Crossroads Estate, Firestone Meadow. Volunteers, please check the listing elsewhere in this newsletter to confirm that your name is listed, if not, contact Doris. If you haven't signed up, we need you.

JULY MEETING REPORT: Our meeting was held at Rusty's in Goleta on July 9, 6pm. In the absence of the Secretary, Doris has prepared these notes. **Announcement:** Bob Zimels is pictured in the May/June issue of the *American Bicyclist*, page 16. The photo is of the LAB Summit delegates.

PPR: We are soliciting ideas for items to purchase

for PPR, using the McFarland Jersey Funds. Please contact Doris if you have a suggestion. **Funding Proposals:** Two items were carried forward from our June meeting: 1) Request from COAST Safe Routes to School for \$750 to purchase reflectors was postponed as GVCC members pointed out that all new bikes have reflectors. The request was revised to replace reflectors with bike bells and the \$750 was approved. The bells will be used as incentives for children participating in Bike to School Day and other events of SR2S. 2) CABO membership was approved for one year, \$26.

From *SPOKESONGS*, by Willie Weir

Merging in between a bicycle-taxi and a truck crammed with turkeys, I joined the outgoing flow of the masses leaving Delhi [India]. After hours of battle with the relentless traffic, I began to relax enough to ease up on the death grip I had on my handlebars. I looked back and marveled at a family of four all perched on a motor scooter. I waved at the youngest girl. The girl's father smiled and nodded. Then his eyes suddenly widened. I lurched around just in time to see a man whipping an ox, pulling a cart full of enormous ceramic tiles bearing down on us going the wrong way.

I instantly learned the most important rule of the road: The bigger vehicle always has the right-of-way. This puts bicycles at the very bottom of the vehicle caste system. I quickly veered into the ditch and was quickly joined by my friends on the motor scooter and two pedestrians. In most parts of the world, this is getting run off the road. In India, it is yielding the right-of-way.
